WORK EXPERIENCE

I am a Fresher who is looking for opportunity to work for a reputed company.

PROJECTS

- **Virtual Healthcare Assistance** : Developed a project focused on providing intelligent healthcare support through virtual assistance. The system leverages to offer personalized health advice, symptom checking, appointment scheduling, and medication reminders. Designed to improve accessibility and efficiency in healthcare services, the project prioritizes user-friendliness, real-time support, and data security. Ideal for enhancing patient care and reducing the burden on healthcare providers.
- **Automation of Interview Using Artificial Intelligence** : Designed an AI-driven system to automate interviews by analyzing candidates' responses, speech, and expressions, ensuring efficient and unbiased evaluation for recruitment.

CERTIFICATIONS/ACHIEVEMENTS

- Member of National Service Scheme (2022-2024)
